Use “**From Ability to Possibility**”:

- Beneath the logo (optional, smaller italic font)
 - On banners, brochures, and digital creatives
 - As a closing line on posts or presentations
-

6. Logo Variations

Include alternate logo formats for flexible use:

- **Primary logo:** Full version (as shown)
- **Horizontal version:** For website headers or signage
- **Icon-only version:** The teal symbol (for social media, watermark, or favicon)
- **Monochrome version:** Black/white for printing

👉 *Tip:* Show clear examples of correct vs. incorrect usage (e.g., don't tilt, recolor, or crop).

🎨 7. Brand Imagery & Visual Style

The *feel* of your visuals and photography:

- **Tone:** Calm, natural, bright, and human-centered
 - **Style:** Real people in functional settings
 - **Recommended Motifs:** Hands in motion, connection, gentle movement, daily tasks, nature elements
-

🗣️ 8. Brand Voice & Messaging Pillars

This is how your brand *speaks and feels*.

- **Empathy:** We begin with understanding — listening deeply to every story, every challenge, and every goal. Empathy guides every connection we make.
- **Empowerment:** We build on strengths, not limitations. Every session is designed to help individuals rediscover what they *can* do and grow with confidence.

- **Engagement:** Healing happens through purpose and participation. Each activity is meaningful, functional, and connected to real life.
- **Encouragement:** We believe in progress, not perfection. Through consistent support and positivity, we nurture hope and resilience in every journey.

Simple version:

Empathy – Listen. Understand. Connect.

Empowerment – Strengthen. Support. Uplift.

Engagement – Move. Do. Participate.

Encouragement – Believe. Grow. Heal.

9. Social Media & Digital Use

Set a few quick rules for consistency online:

- Use **same color filter or tone** across photos.
 - Keep **Poppins or Raleway** for all quote/announcement graphics.
 - Always include your **logo or watermark** subtly.
 - Maintain a **consistent post layout** (e.g., teal accent line, your leaf icon, slogan).
-

10. Print & Material Application

Include printing tips:

- Use matte finish, not glossy
 - Maintain original color codes (teal & deep blue)
 - Leave generous white space for a clean look
-

-
